- **VAW Forum**
- **Interview Results**
  - Key common themes
- **Forum Evaluation**
  - Knowledge mobilization
  - Tri-sector partnership
  - Social return on investment
- **Report Card**
- **Recommendations**
  - Knowledge mobilization
  - Tri-sector partnership
  - Governance
  - Accountability
  - Communication
- **Resources**
- **Implementation**

- Established in 2007 by MCSS and Central West Region
- Service categories:
  - VAW counseling services
  - Child witness program
  - Transitional and housing support program
  - VAW emergency women's shelters

## Strategic directions

- Enhancing service system capacity
- Fostering collaboration and accountability
- Promoting service system excellence

# Accomplishments

- University partnerships
  - Social Innovation Research Group (SIRG) with WLU
  - Qualitative research
- Unified voice and funding utilization
  - Influence on policy makers
- Partnership with Children's Aid Society (CAS)
  - Umbrella agreement for best practices in the areas of child safety and woman abuse

- **Stakeholder interviews**
  - 26 contacted
  - 13 participated
  
- **Main areas of focus**
  1. Forum's strategic direction
  2. Tri-sector partnership
  3. Training / knowledge mobilization
  4. Forum's governance

## Key common themes:

- **Keeping objectives top of mind**
  - Forum's strategic directions/objectives should be more visible/reinforced
  
- **Credibility**
  - VAW sector profile needs to be raised
  - Funding requests should to be supported by data/research
  
- **Value of networking**
  - Value in networking opportunities
  - Leverage sharing experiences and best practices

## Key common themes:

- **Accessibility to resources**
  - Scope and quality of training
  - Targeted topics
  
- **Implementing Solutions**
  - Success in identifying the gaps and opportunities for improvement
  - Limited action taken to deliver on those ideas
  
- **Focus on Co-operation**
  - Addressing various viewpoints/values at the Forum
  - Culture of collaboration is needed
  - Focus on creating continuous and seamless access to services

## Key common themes:

- **Defining Service Capacity**
  - Each member of the Forum has different agendas and definition of what 'enhancing capacity' means
  
- **Leadership**
  - Current leadership is a critical success factor for the Forum
  
- **Communication**
  - Limited sharing/status updates between committees
  - Lack of understanding what other committees are doing/progress made
  - Need of clear deliverables and the status of action items

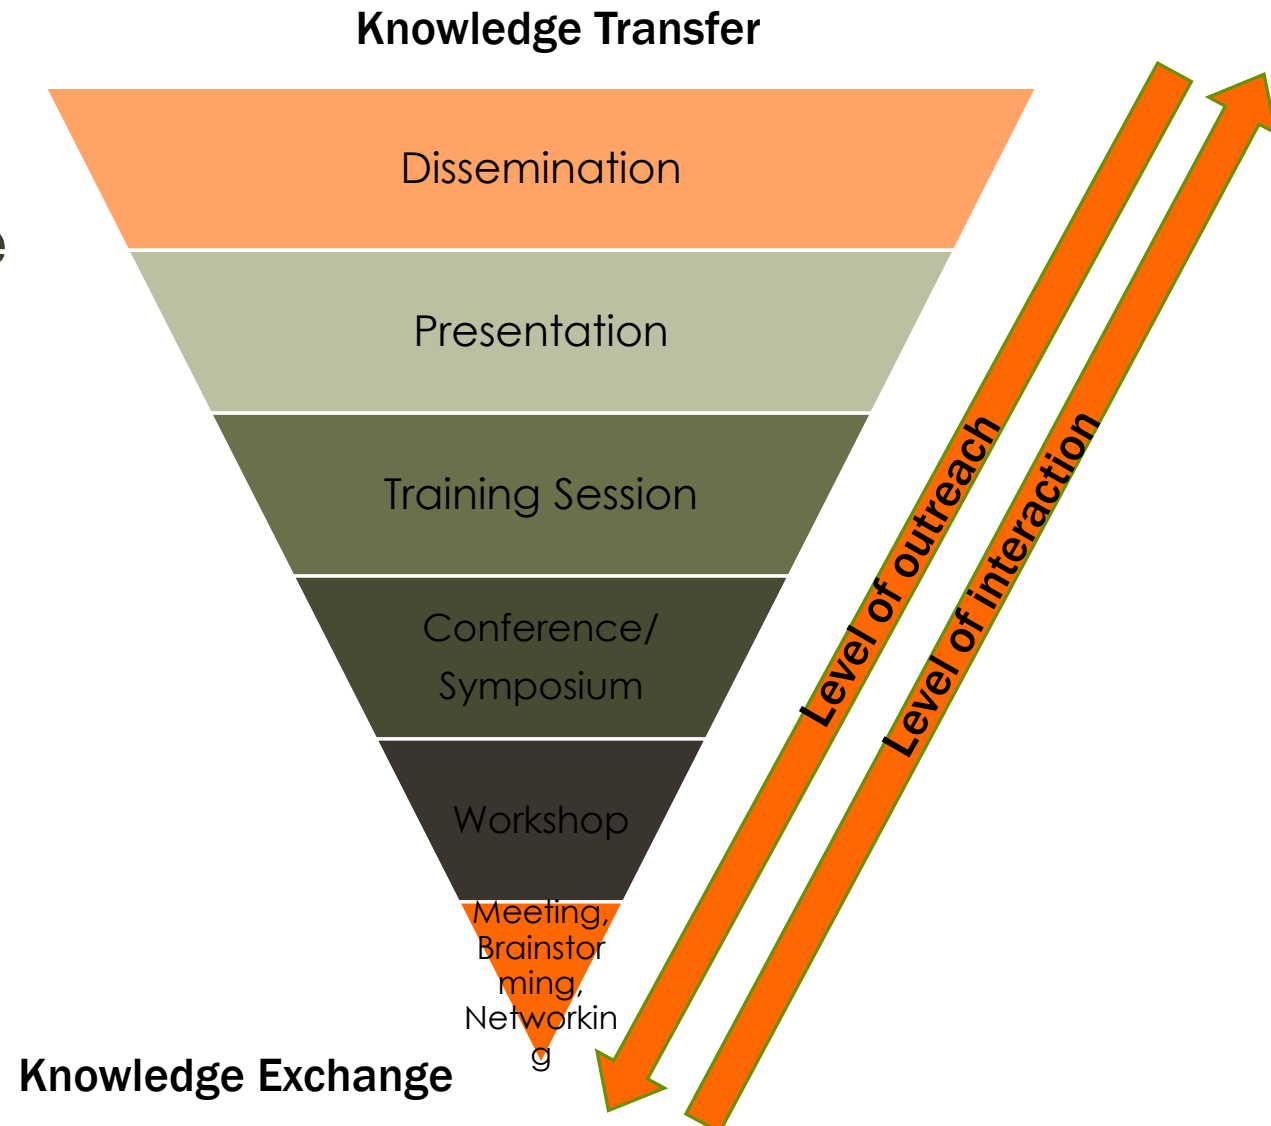

## Key common themes:

- **Feedback**
  - Need for a feedback mechanism for the committee work
  - Need to set agendas and keep focused on it
  
- **Academic Research**
  - University partnership is extremely valuable: provides credibility to the work being done in the agencies and in the sector as a whole
  - Participants were receptive of forming more academic collaborations
  
- **Quality of Training**
  - Positive feedback on the quality of training
  - Training expanded knowledge and enhanced service delivery
  
- **Use of Technology**
  - Open to use of technology (video-conferencing, pre-recorded training, enhancing website etc.)

## Knowledge Mobilization

- Knowledge Transfer is most effective when using multiple delivery methods:
  - Fact sheets
  - Themed reports
  - Workshops
  - Communities of practice

## Knowledge Mobilization

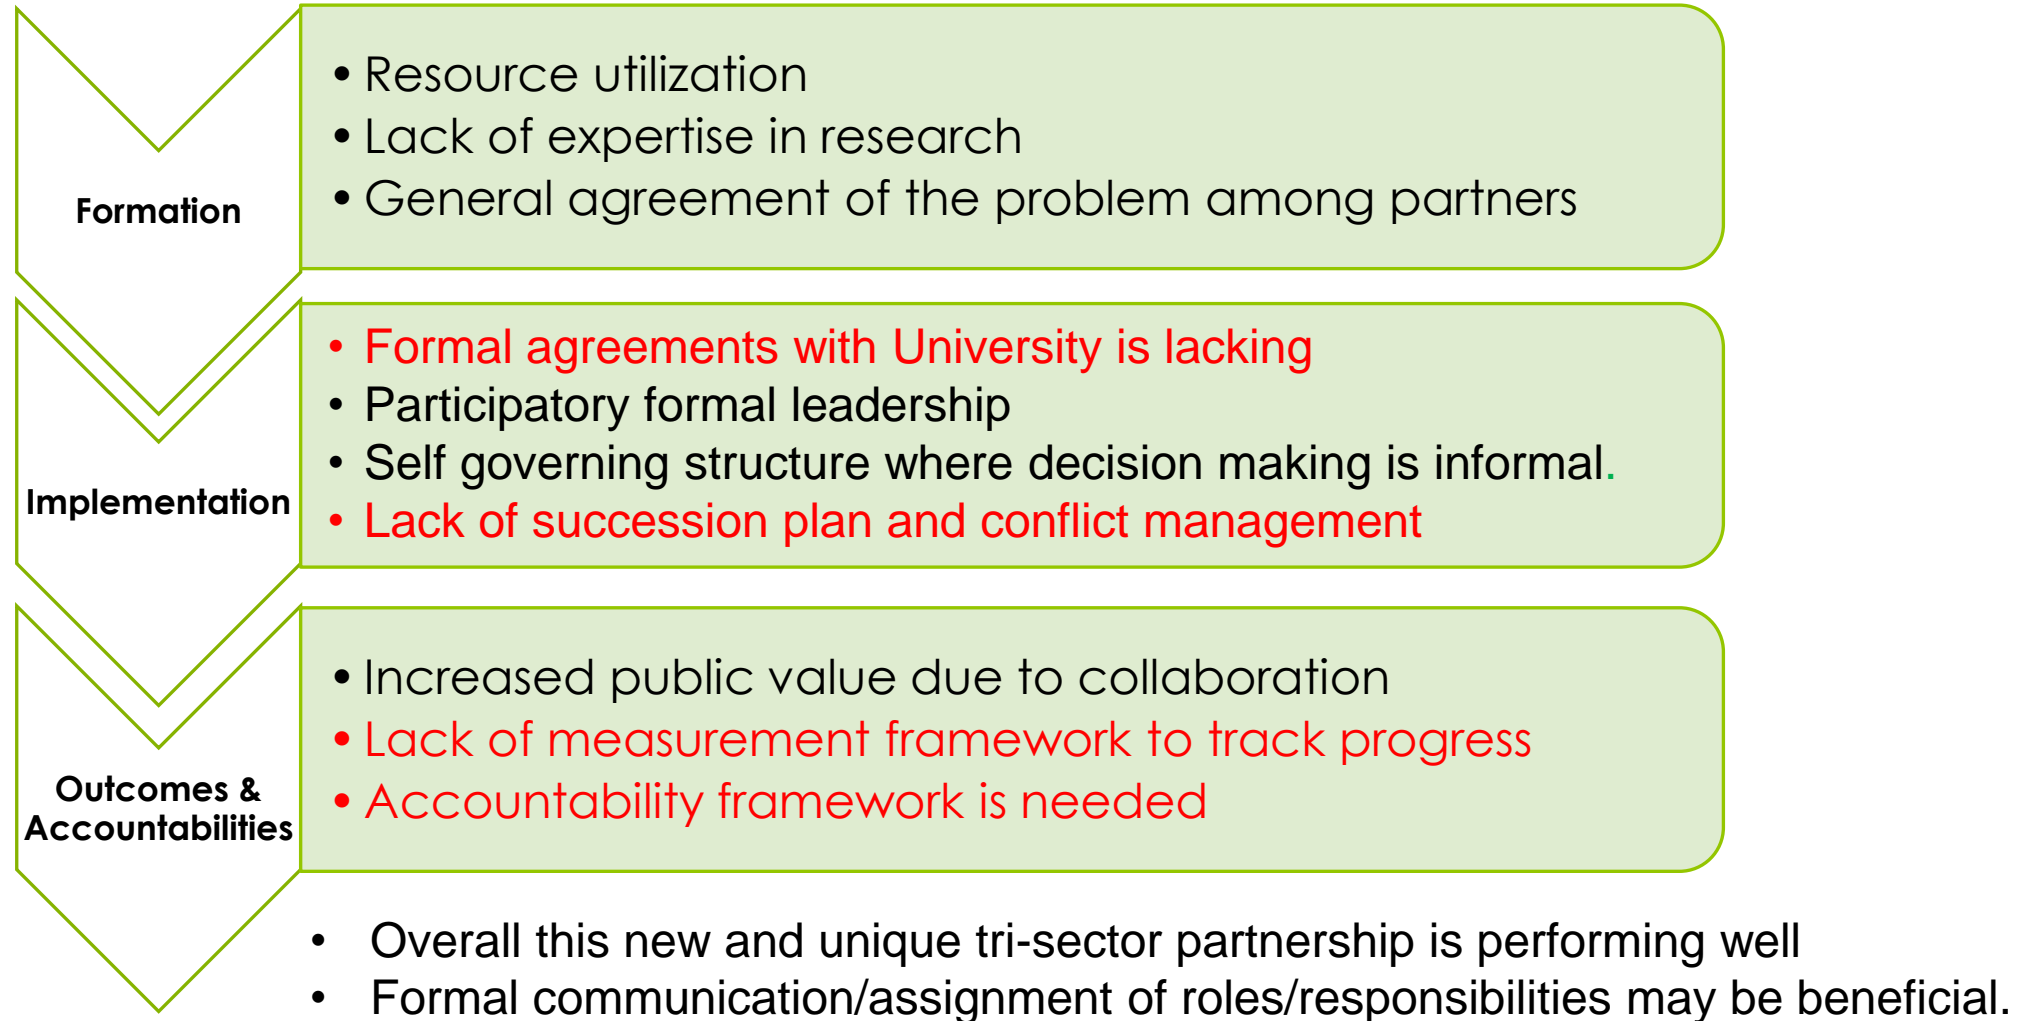

### Areas of Achievement

- Good start to modeling service system excellence
- Symposiums enable diverse professionals to share best practices/experiences
  - participants feel part of a wide community
  - sharing workplace challenges
  - realizing common values

### Areas for Improvement

- Improve the formal feedback and response mechanism
  - Symposium survey results are not shared
  - Action items not communicated
  - Feedback on the Forum operations is not collected

## Tri-Sector Partnership

## Social Return on Investment

### Financial Benefits: Economies of scale

- **Attendees' perspective:** Workshop on trauma ROI example
  - Cost \$3,500 for 75 attendees (Cost/person=\$47)
  - Average cost of treating 1 domestic violence trauma case in Canadian Healthcare System= \$8,611
  - If 75 professionals can prevent just 1 trauma case = more than double ROI
- **Agencies Perspective:** Dufferin Example:
  - MCSS funding: \$1 Million
  - Child Witness Program: \$40,000
  - Cost of Training: \$3,500 ~ 10% budget
  - Shared practices reduces cost

## Social Return on Investment

### Non-Quantifiable Benefits

- Improved quality of speakers
- Impact of budget cuts is lessened
- Benefits of collaboration with different agencies
- Standardization and sharing of best practices = improved service delivery

## Knowledge Mobilization

- More events targeted to specific needs
  - Symposium split into different rooms for specific audiences
- Broadcast all or part of the events on Webex
- Make symposium videos/presentations available on the Forum's website
- Have more break-out sessions, interactive exercises and other engagement initiatives

## Tri-sector Partnership

- More collaborations with universities (research, technology/media support etc.)
- Establish an 'Enhancing Service System Capacity' sub-committee
  - investigate additional funding options for all the Forum's member agencies

## Governance

- Create succession plan for all key leadership positions within the Forum
- Continued to build Forum website as a central source of information
- Transparency

## Accountability

- Implement accountability framework
  - Establish measurable and meaningful expectations
  - Periodically evaluate service outcomes
  - Identify the type of operating and financial information required
  - Critically assess the Forum's delivery costs
  - Define and communicate expectations
- Design a strategy for integrated service model

## Communication

- Monthly committee / sub-committee meetings
- In person meetings for the entire Forum
  - schedules set well in advance
- Regular project/initiative status updates from each committee
- Detailed meeting minutes/take a-ways
- Annual strategy planning amongst the ED's and agency leaders
  - facilitated by an outside 3<sup>rd</sup> party
